HELP YOUR CHAMBER MAKE A DIFFERENCE IN OUR COMMUNITY!

Our Objectives:

- 1) Increase communication between local officials, businesses, the citizens and education, to promote economic growth in our community.
- 2) Fostering and encouraging business environment by "business after-hours" meetings of members, sponsors and guests, quarterly.
- 3) Attract new retail businesses and new residents for our community and embrace those arriving with talents to contribute their fresh ideas and expertise to the community process.
- 4) Create a sense of Community by bringing community

leaders, clubs and organizations together for planning and implementation of county/city wide programs.

5) Establish community leadership programs that provide structure and guidance to our future leaders of Bullock County.

6) Develop, plan and enhance programs that improve our business image such as main street and holiday events.

7) Encourage a "Union Springs and Bullock County" concept, which will unite all toward one focused image and eliminate fractionalized attempts which defeat moving forward as a united city/county.

8) Work with the community through other organizations to maintain a clean image of our beautiful historic areas.
